(Parking)

About Tokuyama Zoo

Tokuyama Zoo was opened in March 1960 in celebration of the 25th anniversary of the former Tokuyama city. The zoo has a variety of animals in an area not too wide for small children to walk around and enjoy. Please read the board and gain knowledge on the 500 animals of about 100 species that you will see at the zoo.

The zoo has been being refurbished since 2013. Now, you can enjoy new exhibits and facilities—the Runcha-Runcha zone where you encounter some animals, the Neicharu nature learning facility, Penguin Pool, the new elephant exhibit, and the tropic zone including the Sun and Water Forest (tropical animal exhibit). More new animal exhibits will be opened in the coming years. Tokuyama Zoo will keep developing, with new exhibits opening year after year. We hope you will come and enjoy it!
